

B.S.A.C

ARAMIS 2006

Minutes of Meeting- 09.12.04

Present – Dave Dryden, Dean Huntington, Tony Donoghue, Steve Rodgers, Keri Overfield, Darren Smith, Ian & Pauline Nichols, Darren Smith, Steve Holt, Mike Turner, John Kirby.

Apologies – Graham & Helen Knott.

M.O.P.M. – Accepted

M.A.F.M.O.P.M. – Mike and Ian to get together to make up list of cylinder test dates.

Chairman – On behalf of the members Tony thanked Tony Dean for his efforts in running the VHF and boat-handling course. We are now overrun with Seamen Stains! At the next meeting a boat committee will be formed providing enough members turn up.

The RIB is still being stored at Swinefleet.

Some members have visited the tropical paradise that is Light Acre Lake Diving Centre, North Cave. Opinion is that it could be a good facility to use but don't expect Red Sea vis or even Stoney on a bad day.

Can members take their cylinders home from the shack; we need the room to store club gear.

Tony thanked Pauline for another excellent Red Sea trip; all present agreed it was a very good dive holiday.

Yorkshire BSAC are having lots of skill development courses next year, see their web site for details.

Another years safe diving, Dean put this down to our superior training, club spirit and the fact that we are dam good eggs all round.

Diving Officer – As you possibly know Paul has taken over the Training Officers job from Dave, thank you to Dave for his work in the past. Paul will be running some new courses in the New Year.

The Red Sea trip was good but what do members think of a different venue for next year? More at the next meeting.

Pauline commented on how well the kids coped on the holiday. I agree, they kept the parents well under control.

Only that Donna playing up a bit but what do you expect, she is from Old Goole!

Pauline and Tony have been to a East Riding coaches meeting, lots of things we need to be looking at in the future like child protection, risk assessments etc. We will be wanting volunteers to look after these needs, take one step forward.

Equipment Officer – The club is going to purchase some heavyweight hangers for the BC,s and reg's, this should help to keep them in pairs.

Edward is running OK thanks to Phil's care and attention.

A.O.B – Payment is due for RIB's storage.

Trailer needs some work carrying out and the RIB equipment needs sorting.

Shortly we should have the £175 cheque from Goole Town Council and don't call me shortly!

Does anyone want to take a stab at when the next meeting will be? No, then we will settle for the following:

25th Feb 7.30pm Steam Packet

This could change due to circumstances beyond my control like loss of memory!

Merry Xmas and a Happy New Year

Some changes for your address book:
