

B.S.A.C

ARAMIS 2006

Minutes of Meeting – 27.05.04

Present – Eric Allan, Keith Rhodes, Lynn and Tony Donoghue, Steve Rodgers, Kerry Oldfield, Jerry Robinson,
John Kirby.

Apologies – Dave Heywood, Mike Turner, Paul Wood.

M.O.P.M – None

Chairman – No report

Diving Officer – Could all instructors arrange to meet with their trainees at the shack on training nights at 8.45 before the pool sessions. Pupils who have not been told the correct procedure keep calling out Dave to the shack.

The next Anglesey and Farnes trips are full, still some places on the September Farnes trip and the October trip to Weymouth. See Pauline and Paul respectfully if you are interested.

Pauline has arranged a bus for the Red Sea, £29 for adults and £15 for children, you must let Pauline know **ASAP** if you are going on the bus.

An O₂ course is being held at the YMCA this coming W/E, 5th June, contact Tony Donoghue for last minute bookings.

Training Officer – No report

Equipment Officer – No report

Treasurer – Club funds stand at £6426.87.

A battle is taking place between Stoney and Capenway to see who can put their prices up the quickest, Stoney winning by a short head, you can reserve a parking place for £25 plus entrance fee. Just shows you what you can do with a hole in the ground. See Lynn for full details.

A.O.B – Barbecue is on the 7th of August at the Steam Packet.

The next meeting will be the AGM on the 29th of July, any nominations for the committee should be sent to the secretary at least 2 weeks before the meeting. A few of the committee are looking to step down so we really need you to consider coming forward.

Items on the AGM agenda will include, the rib, do we need it, its already June and its not been out yet this year? Would we get more use out of a minibus or a trailer?

Because of concerns over some of the cylinders being rusty when tested Phil Laughton was invited to the meeting to give an overview.

Phil gave a detailed explanation of Edwards's present condition, with my newly acquired experience from my power station work I was able to follow where he was coming from! Seems we need some triple thingy filters to take out the water to go with our automatic water dumping doodah. Phil is going to carry out a full air check analysis before we decide what additional work Edward should have done.

Jerry is still waiting for the boat to arrive at his place for its post/pre season service.

**NEXT MEETING AGM
7.30PM 29TH JULY**
